**Subject:** Re: Seawall and Pilaster Issues - Urgent

Mr Petersen:

Thank you for your details and email , I appreciate this information.

I am forwarding this to my City Manager Mr Alex Nguyen, City Attorney Steven Fischer and his Assistant City Attorneys along with our Public Works Director Ms Rosemarie Gagalone and her executive staff plus the City Risk Manager Mr Mike More , the Channel Islands Neighborhood Council Chair also as an FYI allowing information hopefully to be shared and thereby keeping residents in the loop, something I feel was not done as well as should have been in the past , NO BLAME INTENDED, by those involved on all sides . I speak as a Councilmember who was not kept informed by past management or electeds.

I expect this group to inform me AND YOU of the present situation and plans moving forward.

Attached is a letter and documents that I will also provide as a hard copy at tomorrow night's meeting.

The attachment has a cover letter explaining the purpose.

I know this is not on the agenda, however, I do plan to speak to this critical subject during the open session.

If you have any questions, please feel free to contact me.

Thank you.

Skoal!
